

# Cells & Body Systems

## Final Assignment

1. **Prepare a Title Page.** The Title Page will include the name of the unit, your name, the date that this assignment is due, and any images that you think best represent the unit.

Remember the STB (Snappy Title Bonus) is in effect. The Title Page may be made on computer, by hand, or any way that you choose.

2. **Prepare an Descriptive Table of Contents.** The table of contents will include a listing of the lab/assignments from this unit in their correct order. Each lab/assignment will have a one or two sentence explanation describing the concepts investigated in the assignment.

*Ex.: In **That is So Dense!** We learned that  $Density = Mass \div Volume$  and we measured Density in grams per millilitre (g/ml). We also measured the Mass and Volume of several objects and calculated their Densities.*

3. Include with your Final Assignment ALL assignments done in this unit as well as any tests done in the unit. The correct order for assignments in this unit is as follows:

- 1) Title Page
- 2) Table of Contents
- 3) Magnify-Cent
- 4) Cell Call
- 4) We're Going to the Onion
- 5) Os-Fest
- 6) Getting 'ORGAN'-ized
- 7) All Systems Go
- 8) Catch the Bug!
- 9) A Body of Work - Cells & Body Systems Unit Test
- 10) Glossary

4. **Prepare a Glossary** of the important scientific terms and concepts investigated in this unit. Include at least 20 words or terms in your glossary. Your glossary must be in ALPHABETICAL order.

See the Cells & Body Systems Test Review Sheet for some terms you may wish to include in your glossary.
